## EDUCATION

### Master of Computer Application BIT Mesra ,off campus noida

08/2021 - Present

7.5 cgpa

Courses

- MCA

### Bachelor of Computer Application Vikas College of Arts and Science

08/2016 - 05/2019

60%

BCA

- BCA

### Higher Secondary School Ramanand Arya D.A.V.College

08/2014 - 02/2016

60%

### Secondary School DHANRAJI PAL VIDYALAYA

04/2013 - 03/2014

68.60%

## PERSONAL PROJECTS

#### Online Food Plaza (06/2019 - 03/2020)

- Food ordering system project will provide customers an interface where they could login, search and order food online. The other interface will be controlled by the operator who will responsible to take customer's orders and act accordingly.
- Technologies : Advance Java and JSP,servlet,database,jdbc
- Module-cart,customer,food,order,feedback
- Domain-e-commerce,MVC2

#### Online Hotel Paradise (10/2020 - 05/2021)

- Hotel paradise project will provide customers an interface where they could login, search and book hotel . The other interface will be controlled by the operator who will responsible to take customer's booking and act accordingly.
- Technologies : Advance Java and JSP,servlet,database,jdbc.
- Module-Bill,customer,feedback,hotel,hotelbooking
- Domain-e-commerce,MVC2

#### Chat application (08/2021 - 03/2022)

- In this project, one can do live chat with others. For this we use server client architecture. In this, we used to have a server and with this server different clients can connect. Now, in order to establish connection with server with clients we use the concept of socket programming.
- Web Chat application is to provide chatting service to all users connected to a particular server.
- Implementation of Socket programming and RMI Using Stimulating Environment

## TECHNICAL SKILLS

Data Structure and Algorithm

Competitive Coding

Teaching Object Oriented Programming

Basic of Machine Learning

Git

Linuxure

Problem Solving

## ORGANIZATIONS

SQUAD Infotech Pvt. Ltd. (10/2018 - 05/2019)

java developer

## CERTIFICATES

Advance Professional Java Specialist (01/2019 - 03/2020)

## LANGUAGES

java script

Professional Working Proficiency

java

Full Professional Proficiency

python basic

Full Professional Proficiency

## INTERESTS

Software Developer

Data Analyst

Machine Learning Engineer

AI Developer

Block Chain Developer

Data Science Engineer
